## Your GREAT Life Purpose

**You have a GREAT life purpose. Do you know what it is?** Are you ready? Get pen & paper, because what you are about to learn can inspire your life, and inspire your world. Ready?

First, you're probably wondering who I am, and why you should listen to me. My name is Sharon Love. No, not the porn star, that's a very different woman with a very different bra size (I googled myself)! To keep it clear, my name is Sharon Love, M.Ed. (Psychology). I'm the President of OUTstanding Lives.org and Your Speaking Engagements.com .

You are about to learn the five secrets to how I helped my clients attract over \$5,000,000, conquered homelessness, and inspired over two million people to support equality online. It's all about having a GREAT Vision that flows from your GREAT Life Purpose.

Here are The Five Secrets to Your GREAT Life Purpose(TM)...

**Your GREAT life purpose is...**

**to do what you love,**

**with people you love,**

**how you love to do it,**

**where you love to do it, and**

**why you love to do it.**

Yes, your great life purpose is to do what you love, with people you love, how you love to do it, where you love to do it, and why you love to do it.

The other day, I said these words to my girlfriend on the phone, and as I said it, a beautiful hawk feather floated slowly down past my window. I took it as a sign.

When you do what you love, you make a difference.

Your GREAT Life Purpose benefits you, other people and the planet.

**For example, my Great Purpose is to create a more inspiring world with you;** a world with more peace, prosperity, equality and fun for all. I specialize in helping speakers, entrepreneurs and professionals to make a make a great living by making a difference through inspirational speaking. Together, I bet we can reach 1,000,000,000 people to create a better world. Please share the web site invitation for my e-book, Your Great Life Purpose; How to Do What You Love and Double Your Income. Thanks! YOU make a difference.

## How You Can Do What You Love and Double Your Income

**Would you like to do what you love**, and make great money by making a difference? Speaking is the best ways I know to make great money by inspiring people.

**You can do what you love full-time. What do you love to talk about?** ... how to travel for free? ...secrets of sacred sexuality? ...keys to compassionate leadership? ...baby ferret rescues? Imagine giving a talk about your passion.

**If you're shy, you can give your talk online**, and you don't even need to show your face. If you create an online course that sells for \$25, and 4,000 people buy it, you can earn \$100,000 by inspiring people and making a difference. If you have a business or a speaking career, creating your own inspiring and empowering online course can also help you to attract more clients. If you inspire and empower people with your course, you don't have to pay to promote yourself. In fact, if your courses are good, you can get paid to promote yourself!

**If you're more outgoing, you can give your talks live**, in workplaces, schools, colleges, spiritual organizations, or professional associations. If you are new to professional speaking, imagine this... If you only speak to 10 people for an hour, and you only earn \$10 per person...

**...you can earn \$100 in one hour by making a difference** and inspiring people. With experience, you can inspire more people and earn more money. If you speak to 25 people, and earn \$40 per person...

**...you can make \$1,000 / hour by making a difference.** If you learn to really inspire and empower high-paying groups such as corporate audiences, dare to dream! If you speak to 100 people, and you earn \$100 per person...

**...you can make \$10,000 in one hour by making a difference** and inspiring people.  
NOTE: If you google "keynote speakers' fees", you will see that \$10,000 / hour is an average fee for a good speaker who is NOT even famous!

**Would you prefer to give a talk online or live?**

## **Are you living your GREAT life purpose?**

### **Do you do what you love every day?**

Do you leap out of bed every morning with excitement and bliss?

Do you feel proud, because you make a difference every day?

Unfortunately, most people never live their GREAT Visions because they don't know what it is. They don't know their life purpose. They are so focused on practical, day-to-day challenges that they don't even know what they really want. They are trapped. They are trapped by what they think they have to do.

Even many of the self-made millionaires I have coached had gotten trapped in a "golden cage" of their past successes, bored in their roles, but afraid to change and try something new.

Others are trapped in cages of beliefs such as "I'm not good enough". Others are trapped in the belief "I don't deserve to live my dreams". Some are trapped in cages of beliefs such as, "it's not safe" or "it's not possible for me". Sometimes, they are trapped in cages of other people's dreams.

For example, Gary is a burnt out American History teacher. He feels exhausted and overwhelmed most of the time, with endless lesson planning, endless marking, high-pressure state testing, common core standards that suck the life out of learning. To make matters, worse, his teenage students act more like prisoners than learners. At 13-15 years old, they don't care about History at all. Meanwhile, the principal and parents blame Gary if kids act up in class. Gary feels trapped in a job that he doesn't even like, to pay his bills.

In his spare time, Gary practices photography, which he loves. He doesn't see how he could ever make a living as a photographer. "There's so much competition, and I'm not the world's best photographer," he says. One day, after a particularly stressful meeting with the principal of his school, Gary suffers a minor heart attack. He takes time off work to recover, and begins this planner. Can he do what he loves? More important, can you do what you love?

Quick quiz... Are you trapped in any of these cages?

## Quick Quiz: Is Your GREAT Life Purpose Trapped in a Psychological Cage?

Life Purpose Cages are usually emotional, not logical. They often come from intense or repeated experiences, especially childhood experiences. On a scale of 0-5, how true do each of these statements FEEL to you?

\_\_\_ 1) I don't know what I really want.

\_\_\_ 2) Deep down, I worry that I'm not good enough to get what I really want.

\_\_\_ 3) Deep down, I don't really feel like I deserve to live my dreams. I don't think my dreams are important.

\_\_\_ 4) I worry that it might not be safe for me to live my dreams

\_\_\_ 5) I don't believe it's possible for me to live my dreams.

\_\_\_ 6) I feel that I have to do something I don't really enjoy in order to pay my bills.

\_\_\_ 7) I feel that I'm not smart enough, good-looking enough, strong enough, talented enough, popular enough, healthy enough, or rich enough to do what I love.

\_\_\_ 8) I feel overwhelmed, as though I need to save the world. Everyone needs me. If I focus on one group, I'm afraid I will leave someone out.

\_\_\_ 9) I worry that I don't have enough time to do what I love.

\_\_\_ 10) As a child, I learned that passion, joy, fun, pleasure and sexuality were "sins".

You can free yourself from the cage by choosing new beliefs.

### About the Author, Sharon Love, M.Ed.

In high school, I was so painfully shy, that I barely spoke to anyone, ever. One day, my grade ten teacher put me in a group with the popular girl to give a presentation. She jumped up, in front of the whole class, she yelled,

"Sharon!?! I'm supposed to give a presentation with SHARON!?! That kid can't even TALK!"

As usual, I could barely even stammer a response.

Humiliated, I set a goal to break out of my shell and learn to talk to people. In time, I earned a Master of Education degree in Psychology from

University of Toronto. For many years, I also researched success secrets of the world's greatest speakers and leaders.

When I used those secrets (some of which I'll share here, and some of which I share in the upcoming course, *Speak, Inspire, and Double Your Income*), my entire life changed. With those secrets, I went on to deliver live presentations to thousands of people in Spanish, French and English, and to inspire over two million people with my social e-learning networks on diversity. I also helped my clients to attract over \$5,000,000.
